

New Horizon Huddles: Resource List

Huddle Resources:

“New Horizon Church exists to saturate the North Hills with gospel communities by identifying, raising up, and sending out disciple-makers who will start new gospel communities and new churches.”

Below are the different resources New Horizon Church Huddles can participate in. They are geared towards growing in one of three spiritual directions. UP and our relationship with God, IN and our inner life being changed to look like Christ, OUT and our relationship in the world as witnesses. These resources are to form us in the right direction by applying what we learn in these resources.

We have also provided Scripture resources to do alongside your studies.

Please remember:

The goal of a huddle is apprenticeship and helping others grow to take next steps in faith. From non-believers to maturing followers of Jesus. Each study is designed for an area of growth that will lead to people feeling able to make disciples themselves. Aim towards this goal in your huddle resource reading.
